## LEILA - SOUL ASCENSION

Latin Soul Artist *Leila*, has struck gold with this new release *Soul Ascension*. She has successfully made the transition onto the Contemporary Jazz scene, collaborating with **Eric Darius** on the very smooth "Sexy Saxophone" and also featuring **Funkee Boy** who doubles as a Producer and Performer on this project. As one writer put it "Leila has the depth of India Arie, the passion of Sade, & the warmth of Karen Carpenter" I find all of these qualities demonstrated on tracks such as "Smile" the bumpin' "Redefine Me" and the hard hittin' "50 Reasons" Wait!!!!!! I love the whole Disc! on "The Groove" scale, I rate this, A Must Have!!!!!!!!!!!! *Leila, You Go Girl ..... COCO - Smooth Groove Phoenix*
